

**THURSDAY, FEBRUARY 2ND – DINNER PROGRAM**

**Water Repellant Treatments  
For  
CONCRETE, MASONRY and OTHER MINERAL BASED  
SUBSTRATES**

Our presentation this month features Mr. Joe Link, from J3 Specialty Construction Chemicals. Education this evening will focus on the protection and preservation of concrete, masonry, stone (manufactured and natural). We will also discuss anti graffiti coatings.

**Learning Objectives:**

- 1.) Learn why to specify clear water repellant treatments
- 2.) Learn about different types of products on the market today and how to evaluate them.
- 3.) Learn what to expect from water repellant treatments: life cycle and maintenance.
- 4.) Learn how water repellents can influence adjacent building materials and future modifications of the structure

**Presenter:** Mr. Joe Link.

Joe Links experience includes 42 years specializing in water repellents and concrete/masonry related waterproofing systems. This includes 20 years as a general manager for a national manufacturer of water repellents. Over the last 22 years, he has represented an international producer water repellents and steel corrosion inhibitor systems.

Join us for dinner at the Biltmore Hotel, 2151 Laurelwood Road, Santa Clara (Montague Expressway and 101). The evening begins at 6:00 PM with social hour. Dinner starts at 7:00 PM followed by the program at 8:00 PM. The price for dinner is \$32.00, which includes gratuity and tax. Please make your **reservations by noon on Tuesday, January 31st**. No-shows or cancellations after Noon on 1/31 will be charged. Email Krista Nelson, CSI, CDT, RA, LEED, at [krista@aba-arch.com](mailto:krista@aba-arch.com) or phone (408) 298-1885. Guests are welcome.
